- To impart health and environmental understanding for the healthy rural environment.
- To strive for equalitarian society on the basis of our set out objectives we have done maximum developmental work with in our limitation.

- To make a social change toward social order.
- Women's self reliance is our ultimate aim.

1. SHG Sangam Motivation Training

As we have done in the previous year of activities in formation of a strong and cohesive self help group and its follow-ups.

As a second phase, we have successfully stated the lending progress; inter group loan on reasonable interest rate and its revolving system. Proper trainings were imparted to all soughs. As per our strategically point of view and target achievement, we have to construct and another SHG at the same locality, in such a way 20 SHG of women's were formed and at the same time, we are monitoring, evaluating the existing women's groups. We have planned to construct hundred more groups by groups. We have planned to construct hundred more groups by 2000 and to be motivated by all the relevant technical injuts.

2. Youth Club Training:

Our society mobilized and organized the rural dalith youths and formed 10 youth organization in 9 villages. All the members were provided training planning, executing , evaluating their own project work without the external support. they were provided skill training in accounting and auditing their association accounts. Their personality is developed in order to participate in & social and political behaviors through our repeated trainings. through this training 200 rural youth club members were benefited.

3. SHG Skill Training:

Our society conducted this skill training to the chief functionaries of SHG's . bank officials, Leading NGO representatives were involved in this programme. they were given training in accounting , auditing and evaluating their our project work.
